— SCIENCE®

++

ACCOMPLISHED SCIENCE.
GENUINE CONNECTIONS.
REAL LIFE RESULTS.

One of the most award-winning
skincare brands in history

Why skin**better** science?

++ Accomplished Science.

To us, accomplished science represents the deep knowledge and rigorous study of skin and skincare chemistry. We believe remarkable results can be achieved simply through purposeful product innovation, which is why we leverage advanced chemistry to help skincare products do more.

++ Genuine Connections.

When you're happy with your skin, you feel more beautiful and confident. These satisfying results are best achieved by working closely with a skin**better** science® authorized professional who can help you find the right treatment for your skin. Just like the perfect hair stylist or aesthetician, when the right product comes along, you'll never go back to your old favorites.

++ Real Life Results.

Our patients appreciate that to see results, our products don't require a tedious multi-step process. In addition to being scientifically-advanced, skin**better** offers an uncomplicated approach to skincare. One product can deliver remarkable results; two to three skin**better** products can change how you feel about your skin. Either way, skin**better** products ensure that real results are possible in your real life.

Trio

Rebalancing Moisture Treatment™

Skin works best when it's properly hydrated. This high-performance, triple-action formula delivers **heavy hydration, without the weight**, to help rebalance a compromised barrier and bring moisture back to the skin.

3X AWARD-WINNER

2019 ALLURE Best of Beauty Award
2020 Swedish Beauty Award
2020 DERMASCOPE Aesthetician's Choice Award

50 ml

THE CONCERN

Dry, compromised skin due to age and/or the environment

THE SCIENCE

- **Natural moisturizing factors** bolster adequate skin hydration
- A **skin-maximizing lipid complex** of essential fatty acids helps bring balance back to the barrier
- Low-molecular weight **hyaluronic acid** supports skin hydration reservoir

THE RESULT

- Brings moisture and hydration balance back to the skin (up to 2x greater hydration than the market-leading moisturizer)
- Supports healthier-looking skin, resulting in improved appearance of radiance, suppleness and smoothness
- Provides visible improvement in the look of fine lines, wrinkles and dryness

InterFuse® Treatment Cream

FACE & NECK

A **peptide**-based approach to supporting collagen.

Available in both 30 ml and 50 ml sizes

THE CONCERN

Skin sagging, lines and wrinkles

THE SCIENCE

- Brings the look of firmness back to the skin via a unique messenger peptide blend that is carried by the patented InterFuse® delivery technology
- A blend of messenger peptides targets the nourishment of five types of collagen, all critical to skin density
- Provides a breathable layer of moisture through an exclusive blend of hydrating ingredients

THE RESULT

- Firms the feel of skin for a more lifted and contoured appearance
- Offers an immediate smoothing effect from a neuro-calming peptide
- Gives skin a radiant glow

InterFuse® Intensive Treatment

LINES

A no-needle, **hyaluronic acid** solution that improves the appearance of expression lines and wrinkles.

Available in both 15 ml and 30 ml sizes

THE CONCERN

Deep expression lines. Target areas: crow's feet, fine lines and wrinkles on the forehead, upper lip and smile lines

THE SCIENCE

- Patented, InterFuse® delivery technology drives large, injectable-grade, hyaluronic acid faster and deeper to topically fill the appearance of expression lines
- Four additional types of hyaluronic acids of varying sizes work to bind water to the surface of the skin to improve moisture retention and plump the appearance of lines and wrinkles

THE RESULT

- Expression lines appear immediately smoother
- Helps reduce the look of deep wrinkles
- Compliments in-office treatments

SKINCARE REGIMEN

Recommended Order of Application

skin**better** science® products are easily incorporated into your current routine, even when using other skincare products. A good rule of thumb when applying products is to apply from the lightest to heaviest consistency: serums and gels first, followed by lotions, and then creams. An exception

to this rule is that InterFuse® Intensive Treatment LINES should always be applied in the order listed below to allow for optimal delivery of this product to the skin. Please check with your healthcare professional to ensure your skincare regimen is right for your skin.
