**YOUR SKIN**

# RevitaPen Pro

Take your facial to the next level with the RevitaPen Pro. A series of micro-channels are created in the skin, driving active ingredients deep into surface layers to deliver instant results.

“

After this treatment I noticed my fine lines are less and **love** how my skin wears makeup after.

- **ELIZABETH**, AGE 51

## WHAT YOU WILL NOTICE

- Plump, luminous complexion
- Improved firmness and elasticity
- Improved texture with a visible reduction in fine lines and wrinkles
- Increased hydration and softness
- Visible reduction in pore size and blemishes
- Improved evenness of skin tone and reduction in age spots/hyperpigmentation

# WHAT YOU CAN EXPECT

After an enzyme application a professional treatment is applied, followed by the RevitaPen Pro to enhance product absorption, allowing active ingredients to be more efficiently utilized.

A customized mask is created to treat the skin, followed by hydration and sun protection, leaving your skin immediately smooth and radiant!

“

My skin feels so *soft & smooth* like I had a procedure done but the treatment was so relaxing.
