extraordinary skincare

We know skin from the inside out.
Highly effective, laboratory tested
ingredients bring skin to a whole new
level of beauty, clarity and radiance.

Extraordinary skincare

Many products cleanse, tone and moisturize, but fail to produce noticeable skin rejuvenating results.

The Plastic Surgery Skincare Clinic Inc. created and developed Miracle 10 formulations for its customers to actively combat aging skin, fine lines, dullness, hyperpigmentation and acne. As the skin's support network grows stronger, it appears healthier and brighter, with noticeable dewiness, elasticity, and radiance.

Miracle 10 philosophy

We believe the skin needs to be stimulated with a combination of scientifically proven, active ingredients that target individual skin types.

Fragrance free.
Not tested on animals.

10 hours

Noticeable results in smoothness and clarity

10 days

Visible improvements in discolouration and dullness

10 weeks

Appearance of wrinkles and pore size diminished

Results may vary based on frequency of consumer use

Since 2011, thousands of customers have used Miracle 10 and reported their skin's appearance to be more refined, firmer and radiant looking within just 10 weeks.

Tailor your treatment to match your unique skin type

Normal / Maturing Skin

Characterized by the appearance of fine lines, wrinkles, sun spots, dull skin and hyperpigmentation caused by exposure to the sun's UVA/UVB rays, pollutants and normal aging.

Treat

:: eye treatment

Anti-Aging Eye Cream

The scientifically formulated combination of Vitamin E, Echinacea extract, Rosemary extract, and Sea Kelp create a balanced treatment with antioxidant properties to calm and moisturize the sensitive tissue around the eyes.

Result: delicate eye tissue becomes firm and toned while fine lines and dark circles are reduced. Skin appears visibly younger.

15mL \$83

:: fade out

Scar Fading Treatment

This treatment reduces the look of scarring due to acne, abrasions, incisions or cuts. A proprietary combination of sprout extracts, peptides, silicone and the light-reflecting ingredient Lumisphere minimize the appearance of imperfections while giving the skin a more youthful glow.

Result: scars and imperfections are reduced in their appearance. Skin feels revitalized and energized.

15mL \$35

:: mask

Nourishing Clay Mask

This soothing clay mask contains Collagen, Elastin, Vitamins A, E, C, D3, K and B complex, and has a neutral pH - making it suitable for all skin types. The mask cools, refreshes and purifies the skin. Pores appear refined and the look of redness and sensitivity is diminished.

Result: skin feels revitalized, looks radiant and appears visibly younger.

50mL \$72

Treat

:: spot solution

Purifying Antimicrobial Treatment

A powerful combination of active ingredients to reduce the look of active acne and its associated conditions. Glycolic, Salicylic, & Azelaic Acid work together with Tea Tree Oil and Vitamin B3 to exfoliate and soothe the skin's appearance, making it appear brighter and clearer.

Result: spots appear lighter, excess oil is diminished and the skin looks more even and matte.

15mL \$35

:: super C

Pure Vitamin C

Super C serves as a free-radical reducing agent that retextures, lightens tone and reduces skin damage while providing minimal UVA/UVB protection.

Result: skin texture and complexion is improved while the appearance of fine lines and wrinkles is reduced.

15g \$101

:: rejuvenating mist

Hydrating Toning Spray

This brilliant multi-tasker plays the role of a hydrating mist and a setting spray for a long-lasting makeup wear. Its emollient-rich formulation helps to hydrate and plump skin cells, and contains nourishing ingredients that calm and protect the look of the skin.

Result: skin appears hydrated and refreshed while makeup looks like it was just applied, preventing smudging and sliding throughout the day.

30mL \$28

Protect

:: botanical oil concentrate

Non-Comedogenic Serum

A light-weight vitamin elixir formulated with twelve seed, flower and fruit oil extracts works to relieve chronically dry skin while reversing the signs of aging - brightening and clearing the look of the skin.

Result: signs of aging and dryness are reduced and the look of evenness and brightness restored. Skin appears visibly glowing.

30mL. \$86

:: sunscreen lotion SPF 30

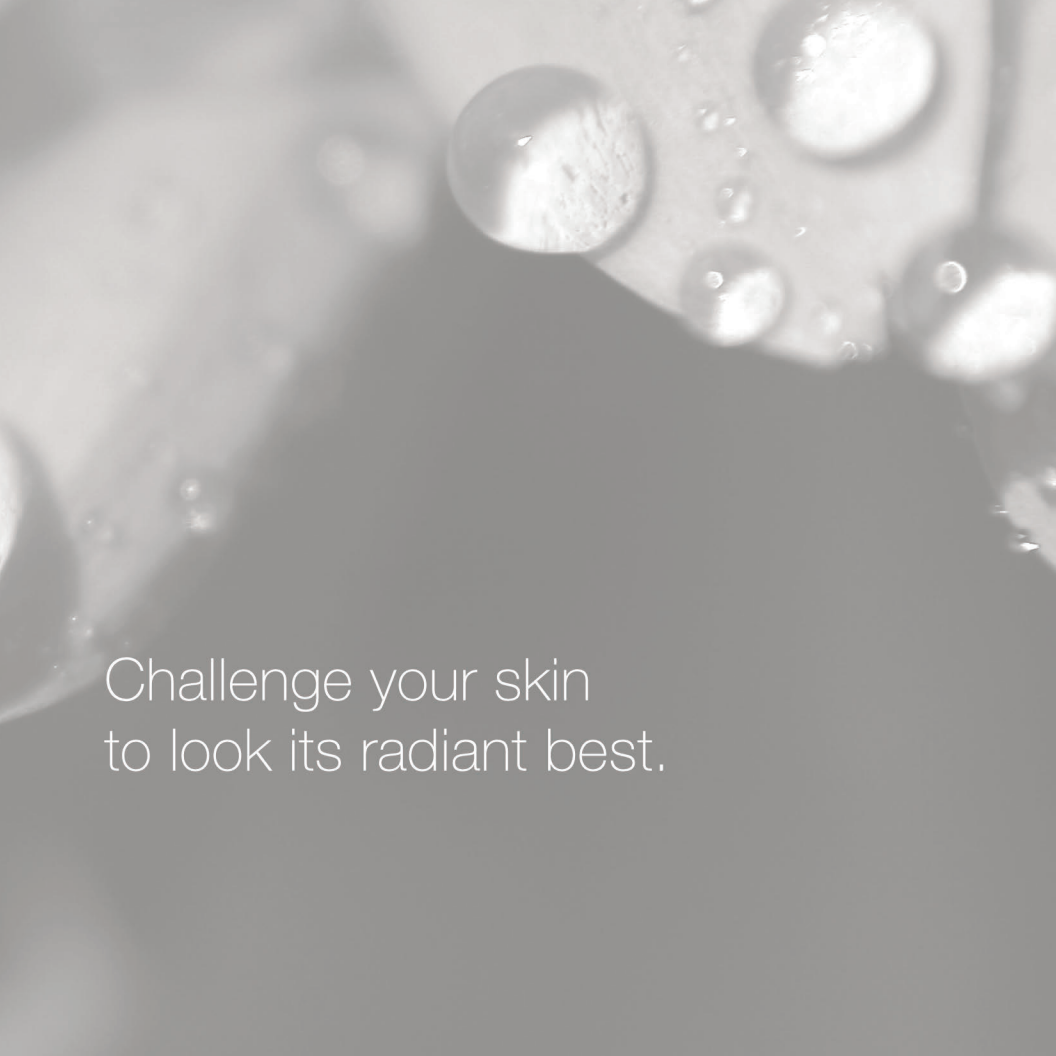

Dry-Touch Protection

This broad spectrum, UVA and UVB shield safeguards the skin against sun damage, offering vital anti-aging protection with a unique dry-touch application. The non-comedogenic formula is appropriate for all skin types.

Result: skin is protected against the damaging effects of the sun's UVA/UVB rays and the signs of photoaging.
